

Dearest Chantell

Thank you so much for your undivided attention the past week we were with you. I can only say that as a person you are sweet and fully supportive of our trip to Cape Town yet again. Not only that your business is second to none but you are also second to none (the best) You tried to fit everything in that we wanted from our trip and we felt safe in your capable hands yet again, you handle business and fun times with such professionalism and at times when needed - full support. Thanks once again Chantell I always miss you. Till 2014.

Best Wishes
