

When we arrived in Cape Town on the 11th of July, 2012, and were met once again by the warm and welcoming smile of Chantell McBain-Charles of Chalan Africa Tours and as usual they were punctual - very important after an eleven hour flight. This is my third time of using the company over the last few years and I cannot give them enough praise. The tour itinerary is amazing. I like to think that I have built-up a very good relationship with Chalan Africa Tours and I feel that our business is very much valued. I see Chantell as a friend after all of these years and I would not use anyone else to tour Cape Town - they are very warm and friendly, yet ultimate professionals. The drivers are excellent, the minibuses are in very good order and it is good value for money. All the hard work is done for you which makes the whole experience more enjoyable. I would highly recommend Chantell and her team.
