

Dear Chantell

I would like to thank you for hosting us during that fabulous weekend. You put together a great package for us and we felt so looked after from the moment we stepped off the plane until you dropped us off at the end of our stay. There were so many highlights of the package you put together. Changing plans on the Friday night to watch the sunset from Signal Hill was a real success and they are still talking about that. The whole of Saturday was special from Table Mountain to the paddling with the penguins and it was rounded off by a wonderful visit on the Sunday to Robben Island and the waterfront. Thank you for being there with us the whole time and spending so much time talking to our students - they really appreciated those conversations and telling us about your own personal experiences.

On a personal note I cannot thank you enough for looking after Ellie and Lizzie so well and ensuring they got to us for the tours.

You made the last part of our tour really special and took so much of the pressure off us. Thank you!!!

I do hope we stay in touch and if any of the above can be used as a recommendation to others please feel free to quote me.

With much appreciation from us all and warmest wishes
